DISCOVER YOUR PASSION

SPORTS & STEAM

SUMMER 2021

A HOLISTIC, CHILD CENTERED EXPERIENCE

LET YOUR STUDENT'S
DISCOVER
THEIR
PASSION

WHAT WE DO & WHY WE DO IT

Our Discover Your Passion holiday programs provide school communities with year-round, holistic educational programs.

Our blended onsite and offsite programming offers a stimulating, high-quality educational experience for every student. From ages 2-11, participants enjoy a varied activity schedule which develops the whole individual, from skill acquisition to personal growth.

We ensure the high-quality of our programs through our three-step approach. **Expert educators** in each activity deliver **session-specific tailored curriculums** within **first-class facilities** using **appropriate teaching equipment**.

WHY DOES HAVING A PASSION MATTER TO US?

Passion means having a motivation and drive to achieve excellence. Having motivation and drive is critical to the future success and happiness of all children.

WHY WE'RE DIFFERENT

1 HOLISTIC TEACHING PROGRAM

Holistic learning is at the core of our program. We recognise the value that all types of learning play in the emotional, mental and physical development of a student.

As well as acquiring knowledge and skill, our holiday program is designed with a balanced schedule of activities which lets students develop communication skills, confidence to express their inner creativity and ideas, as well as learn to work together and also solve problems individually and as a group.

3 FIRST-CLASS TEACHING FACILITIES

We deliver our programs in house at your school, and offer additional off-site activities at first-class training facilities.

Our learning tools and equipment are carefully selected and age-appropriate to ensure students have the best experience for finding their passion.

5 BILINGUAL PROGRAM

Students learn in a multicultural environment led by a mixed team of foreign and local educators. Our programs are primarily delivered in English, with some specific activities such as Chinese Cultural Appreciation, being delivered in Mandarin.

7 DEVELOPED COMPANY INFRASTRUCTURE

Our professional coaches are backed by PacificPine Sports' experienced operations team to deliver and operate the program on behalf of your school. Full-time Program and Operation Directors are supported by our marketing, sales, IT and business development teams.

Together, we make the entire process run smoothly and significantly reduce the demand on school administrative resources.

2 PROFESSIONAL EDUCATORS

Our activities are led by passionate experts to guide students, maximise skill acquisition and learning and ensuring student safety.

We utilise the expertise of year-round professional educators who lead their chosen activity in the classroom. These teachers are often sourced from the partner school itself ensuring quality, trust and continuity. Professional coaches from PacificPine Sports deliver appropriate curriculums for sports training sessions.

4 CURRICULUM-BASED ACTIVITIES

All activities follow carefully designed curriculums that allow participants to grow and develop over the course of the program.

Whether students sign up for one week or eight weeks, they will follow a program with a range of themes related to passion and discovery.

6 UNIQUE ACTIVITIES & EXPERIENCE

Our varied schedule appeals all types of students, from budding scientists to future athletes, there is something for everyone!

The changing scenery of activity locations, from the classroom to the gym and beyond the school campus on field trip days, keeps students stimulated, engaged and most importantly excited throughout the program.

8 TAILORED TO SUIT YOUR NEEDS

We work with your organisation to learn about your requirements and build the best program to serve the needs of your community.

Our program director and operation team perform on-site visits, discuss details, and design and implement a tailored, enriching program maximized for enrolment and success.

HOW WE'RE STRUCTURED

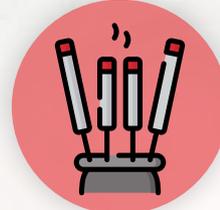

CLASSROOM SESSIONS

STEAM POWERED BY PLAYNOVATE

ARTS & CRAFTS

CHINESE CULTURAL APPRECIATION

CORE SPORTS & ACTIVITIES

GOLF

FOOTBALL

RECREATIONAL
GAMES

SWIMMING [SEASONAL]

BASKETBALL

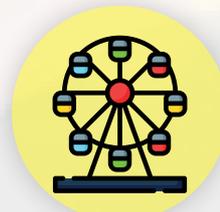

FIELD TRIPS

HORSEBACK RIDING

BMX RIDING

FUNZONES & PARKS

GO-KART RACING

TOURIST SIGHTSEEING

SURFING [SEASONAL]

CLASSROOM SESSIONS

STEAM POWERED BY PLAYNOVATE

Playnovate's project-based learning challenges students to think, build and problem solve.

ARTS & CRAFTS

Students are encouraged to explore their personal creativity through a variety of art media such as drawing, painting and craft-building.

OUR CLASSROOM SESSIONS ARE DELIVERED IN ENGLISH BY PROFESSIONAL EDUCATORS. THE SESSIONS ARE ACTIVITY-BASED, WHERE STUDENTS WILL TAKE ON A UNIQUE PROJECT EVERYDAY.

CHINESE CULTURAL APPRECIATION

Students develop a greater understanding of the rich culture and history of China through a variety of hands-on activities and games.

CORE SPORTS & ACTIVITIES

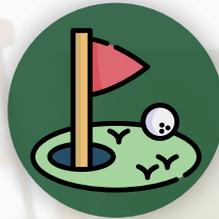

FOOTBALL

Game-play situations help develop a 'total football' understanding of the game while teaching foundational skills in dribbling, shooting, passing, defending and goalkeeping.

BASKETBALL

Students develop technical fundamentals in ball-handling, shooting and age-appropriate game play through a US youth basketball based curriculum.

GOLF

PGA Youth Academy provides an engaging, on-campus golf education experience. The SNAG (Starting New At Golf) program fosters an interest in learning more about the game, and teaching fundamental technique and etiquette.

OUR CORE SPORTS & ACTIVITIES PROGRAMS ARE DELIVERED BY PROFESSIONALLY QUALIFIED AND EXPERIENCED COACHES.

THEY ARE DESIGNED FOR STUDENTS TO HAVE FUN WHILE DEVELOPING FUNDAMENTAL TECHNICAL SKILLS IN EACH ACTIVITY.

RECREATIONAL GAMES

Fun, diverse, and exciting games that develop problem-solving, collaboration, and other skills in a variety of learning-through-play settings.

SWIMMING (SEASONAL)

Our professionally-qualified swimming coaches provide a safe environment to develop correct swimming technique and greater confidence in the water.

FIELD TRIPS*

GO-KART RACING

Battle it out on the track and compete against each other in this safe, racing experience.

HORSEBACK RIDING

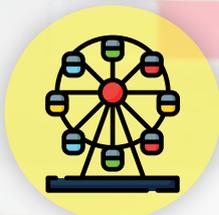

Feed, clean and ride horses at a local stable.

TOURIST SIGHTSEEING

Group visits some of China's most famous and awe-aspiring landmarks.

OUR FIELD TRIPS ARE DESIGNED TO ENHANCE OUR REGULAR PROGRAM AND EXCITE STUDENTS WITH UNIQUE OPPORTUNITIES TO TAKE PART IN ADVENTURE-FILLED ACTIVITIES. WE CAREFULLY SELECT ACTIVITIES FOR STUDENTS TO HAVE FUN AND BE SAFE AT TRUSTED AND VETTED DESTINATIONS.

FUNZONES & PARKS

Funzones & Parks provide students an opportunity for unstructured free play with their friends.

SURFING (SEASONAL)

Students are tutored in correct surfing technique before taking to the waves in a controlled indoor environment. This is a great way to learn how to surf in a safe and controlled environment perfect for all ages and abilities.

BMX RIDING

Students experience this thrill-seeking activity with appropriate equipment in a safe supervised setting.

*Please note, field trips are a core component of our program, however activities are subject to availability.

STEAM POWERED BY PLAYNOVATE

In collaboration with Playnovate, PacificPine Sports delivers a unique STEAM learning experience to students. Playnovate's STEAM lessons guide students to play and innovate at the same time. Each STEAM lesson includes hands-on projects while learning STEAM knowledge via a proven project based learning methodology adopted from the Next Generation Science Standard (NGSS). Students will learn science and engineering expertise and 21st century skills in critical thinking, communication, collaboration, creativity and problem solving.

All students are provided hands-on science kits for each lesson, promoting active problem-solving learning.

SAMPLE CURRICULUM

MONDAY

TUESDAY

WEDNESDAY

THURSDAY

FRIDAY

WEEK 1

How are colored lights made?

How are musical sounds produced?

How does a submarine dive and rise?

How can clownfish live with poisonous anemones?
